5 Concentration Courses are also required in one of the following concentrations:		
Finance	Management	Sports Management
Human Resource Management	Management of Info Systems	
International Business	Marketing	

Electives: 1 additional hour

NOTES:

[1] Student would be required to take the listed courses in order to fulfill general education curricular requirements at CBU.

[2]Because CBU does not accept credit for MATH 1630 as our Finite Math, students would be required to take a higher level MATH.

[3] Because our Business degree programs only require 4 hours of Natural Science, the 4 additional hours will count as free elective hours.

[4]We require both Principles I & II to count for ACCT 260; therefore 3 hours will fall into a free elective category.

[5]For the guided electives, the student would need to take MGMT 1000, the equivalent to our BUS 103, which is a 3 hour course. The additional hour of guided electives would be the student's choice.
