

Biblical Storytelling

Institute a Success!

Dear Supporters:

A heart warming report from graduates of the Institute we held in the Gambia appears below. The report speaks for itself.

We also heard from Fr. Pius, who is also planning to do a workshop with the Catholic group. He wrote:

“The Gambia Catholic NBS will hold its first workshop on the 5th April 2011. We pray for success.”

Juliana

Juliana Rowe

Director of International Relations

Greetings in Christ from NBS, Gambia Team!

We hope you arrived home safely? Once again, many thanks for your timely visit and for sharing your wealth of knowledge and experience with us. Your visit revived our spirit and encouraged us to move on with this noble work and we are grateful. We are becoming better equipped to effectively take the work of Biblical Storytelling forward in this country and by God's grace we shall make good progress.

As scheduled, the group who volunteered to be part of the new team to move the work of Biblical storytelling forward here in the Gambia met at Bakau Methodist Church for our first Executive session after your departure and the outcome was positive.

Thanks and may God bless you all immensely for your commitment and total service for His kingdom. Kind regards to all those involved in the work with you there and to the rest of the team that were here with you.

Yours in His Service,
Pastor Benjamin M.E-Michael
