

Dear Grace Evan Member,

It is the strong desire of the eldership to enable all of our members to experience the soul-scarring event of a mission's trip. To that end these guidelines are in place to allow you to overcome the financial barrier to going on one of these Grace Evan Sponsored trips. Other barriers will and do exist, but we want to do all we can to make sure that money will not prevent you from going. Keep that in mind while reading the following and before you make any request.

The Elders of Grace Evangelical Church

Commitment Form

The Scholarship Program in place at Grace Evangelical Church (GEC) affords members access to available scholarship funds.

The request should be based on need and only after prayerful consideration. It is anticipated the member's share of the trip expense will still represent sacrificial giving. If a scholarship is needed, application may then be made to cover any fraction of the publicized cost of the trip by marking the commitment form in the correct location. This request must then be discussed with the staff liaison to the Evangelism Zone.

If, after the trip is completed, the member receives a financial windfall from the Lord, the scholarship fund can be reimbursed by writing a check to Grace Evangelical Church and directing it to "Grace Venture Mission Scholarship Fund".

Any exception to this policy may be approved by the Evangelism Zone Elders.
