The Tilled Field
By Joan Miró

Él que lee mucho y anda mucho, ve mucho y sabe mucho.
He who reads a lot and walks a lot, sees a lot and knows a lot.

Visión de Conjunto- Overview

This cycle will be a break in the routine of your Spanish learning because we will be trying out some new techniques as we prepare and review for the National Spanish Exam. In class, we will be playing online games on the website quia or taking practice quizzes. You will have online homework this cycle. We will also be bringing back Mi Vida Loca regularly.

El examen nacional de español- The National Spanish Exam

The National Spanish Exam is test administered all over the country to encourage scholastic competition and scholarly Spanish learning. Similarly to other national exams given, there is a potential for student scholarships and awards, as well as entrance into the National Spanish Honor Society. We are going to take it as a Middle school to compare our Spanish learning to other schools.

Vocabulario

This cycle's vocabulary will focus on review of vocabulary present on the exam as well as exposure to vocabulary that students may not have seen.

Gramática

This cycle's grammar will focus on review of concepts present on the exam as well as exposure to new concepts that students may not have seen.

Proyecto

You will be assessed on a fun and creative, individual project this cycle about a Spanish artist.

Participación- Mi Vida Loca

The meeting between the 7th and 8th graders on Thursdays will be reserved for participation in Mi Vida Loca episodes. Participation in this activity will depend upon individual students' completion of their online assignments and homework. Mi Vida Loca provides exposure to a variety of common, day-to-day Spanish language. Conversely, this agreement is subject to change for other listening and reading exercises if the teacher deems fit.
