

CAPSTONE EDUCATION GROUP

June 2015

Please find below the June board update for the 2014-2015 school year.

Expansion

The leaders of the new school, Cornerstone Prep Denver Campus, are working hard to get ready for summer professional development which begins July 16 and the opening of the new school on August 10.

CEG received the keys to the building on June 1 and have been preparing the facility since that time. The building supports the new academic plan very well and there are few maintenance issues. We are preparing a grant proposal to address some of the necessary projects.

Year-End Results

Once again our Prepsters achieved great things in the classroom while our new Lester Prep Scholars showed dramatic gains in their first year. Some highlights include the following growth percentages compared to the national norm in some of our classes: 4th grade language 89%, 6th grade reading 89%, 6th grade math 86%, and kindergarten math 96%. It is truly amazing that our Prepsters and Scholars in some of our classes are growing fast than most every student as measured by the national norm.

While TCAP scores cannot be officially confirmed or released until August, we can let you know that our Lester Prep students showed dramatic gains and will certainly be significantly higher than the state average in growth and our Cornerstone Prep students continued to perform well.

Community Relations/Parent Connection

We completed our school surveys, collecting data from almost 200 parents. Cornerstone Prep Highlights include 85% of parents surveyed giving the school an overall rating of A, 97% of parents surveyed saying they agree or strongly agree that overall they are satisfied with the school and 97% of parents surveyed agree or strongly agree that they would recommend Cornerstone Prep to other parents. Lester Prep parents were also very satisfied, as 100% of parents surveyed saying they agree or strongly agree that overall they are satisfied with the school

Lester Prep Middle School

Lester Prep has hired more than 20 new teachers and staff to complete the transition into a full middle school. We are ordering supplies and furniture as needed to be sure the rooms are ready for students when they arrive in August.

Lester Prep will also launch all sports and extra-curricular activities as the Lester Prep Lions! The athletic director is working hard to prepare for this exciting new addition to the CEG offering for students.
