

COMMUNICATIONS RAMP-UP

In an effort to improve communications, the following was sent out via Friday update and will be in this week's bulletin:

Each week, our staff tries to communicate via the printed weekly news bulletin, eblasts, special announcements during services made by Board members, Facebook posts, town hall meetings, voter's meetings and website updates. If you attend church on Sunday, you should be sure to pick up a weekly news bulletin which will also contain the updated prayer list. Take it home with you! Hopefully it will give you the information you need or at least a staff phone number to contact in case you have questions. Ideas for communication are welcome.

If you've noticed, we are projecting all services right now. It has been well received! While we are still printing a weekly worship folder, our printing cost has gone way down! Pick up your NEWS BULLETIN this week and on the back you will see the condensed order of worship to follow along with the projection. As always, you can get a current copy of the worship folder or bulletin on our website at www.tlcbr.org. Thanks for helping to improve communications at our church!

In addition, our sign at the front of the property has worship times and other information on it. ALL advertisements in The Advocate have now been updated. Turns out, we receive a no-cost advertisement in full color each week that their staff was having trouble locating! It has now been changed to include our new address and all service times.

A full communications plan is being developed and will be implemented by all members of the staff in the near future.

"Let your speech always be gracious, seasoned with salt, so that you may know how you ought to answer each person." Colossians 4:6

In His Service
