

Bangor Christian School Music Lesson Program

School Year 2018-2019

Dear Parents,

For your convenience, BCS has several instructors that are available to teach various instruments. After you complete this form, the instructor will contact you and your child's teacher to set up a lesson time either during school or after school. Please return this letter to the office by September 8th if possible. However, your child can start lessons at anytime throughout the school year as long as the instructor has time available.

Lessons are usually half an hour and are priced as follows:

- \$14.00 per individual lesson
- \$13.00 per lesson if the the student is taking multiple lessons (For example, your child takes trumpet with one instructor and violin from another instructor.)
- \$13.00 per lesson if two students of the same family are taking lessons
- \$12.00 each per group lesson (two or more students)

I would also like to make you aware of the expectations for students who would like to take lessons. Practice is essential to growth! We want our students to be advancing their skills weekly as they work hard as unto the Lord. **Please be aware that if your child will miss a lesson, you are responsible to let your child's instructor know.** Many of these teachers come in only for lessons, and they are giving of their time to teach. If your child simply forgets his/her lesson, you will still be charged for the teacher's time, and you should try to make up the missed lesson. If you have any questions, please send me an e-mail or give the school a call.

Thank you very much!
