

HBAT Benefits Trust

Now Licensed & Approved

The Home Builders Association of Tennessee has started an "Association Health Plan" (AHP) for all its members, called the HBAT Benefits Trust (HBATBT). The HBATBT has full control over benefits offered to the members. The HBATBT is a healthcare program that is easy to use and proactive in assisting the members in making healthier lifestyle choices. Your association wanted the members to have access to a health plan that was much more than your basic plan. All HBATBT plans have a **NO** co-pay Tele-Medicine feature, just a phone call away. Integrated guaranteed pharmacy discounts at local and National retailers. Members also have access to a condition management program designed to be your go to advisor for questions, concerns and tools to develop a healthier you.

Support your Association and help realize long term cost savings and stability

- Built by your association for members as a healthcare solution
- See a Doctor via phone or computer at your convenience
- Save the cost of co-pays for sick visits and other episodic conditions
- Save the cost of co-pays for pharmacy prescriptions, guaranteed
- Enjoy both Nationwide Medical and Pharmaceutical networks
