

ARTFUL LIVING, CREATIVE LIVING | SATURDAY, AUGUST 25 | 4:00 – 5:30 P.M.

Reserve your place at this seminar on the Hub or from our website at 2bcliberty.org/events.

Our guest musician, Kyle Matthews, will lead a music writing seminar in the Assembly Room at 2BC. The principles of "creative writing" mirror some of the wisest and most ancient biblical counsel on living a spiritual life. Contrary to the perception that art is reserved for "certain" people, this material is extremely practical and helps people see connections between spirituality and real life they may have never seen before. The Creative Writing stuff becomes an illustration rather than the point, and people come away with a sense that spirituality is an open door to them, and that creative writing it's a spiritual discipline anyone can do.

Kyle is an accomplished song writer winning awards and having many of his songs recorded by other artist.
