

## STUDENT MINISTRY

(6th-12th grades)

Our Sunday morning Bible Studies offer students a chance to learn more about what discipleship means, talk about what's going on in their lives, and ultimately grow in their faith. The Bible Studies meet at 9:45am and are divided into age groups, with each group being guided by dedicated leaders who teach and mentor the students, provide support in any way they can, and lend a listening ear. There is also a light breakfast served each Sunday.

### Sunday Night Student Activities

Sunday nights are our primary community gathering time for students. Each Sunday from 6:00-8:30pm we offer a range of activities intended to help students engage in a way that is comfortable for them. Students in 6th-12th Grades are welcome at any and all of these activities.

- **Snack Supper | 6:00pm:** There is no better way to bring people together than with FOOD! Each week we begin our time together with a light meal provided by a rotation of parents and volunteers.
- **Innermission | 6:30pm:** Innermission is a chance for students to open up and be themselves in a fun and relaxed atmosphere. We try to create a space where students can experience the fullness of life that God offers by connecting with a community that cares about who they are at each point along their journey and helps them discover and live into the best versions of themselves. We play games, sing songs, and worship and share in God's love together.
- **Small Group Discussions | 7:30pm | Led by Tom Lankford and Beth Dusin:** Small group discussions are one of the best ways to connect with one another on a deeper level and talk about issues in the world and personal struggles with faith and identity. These discussion groups are divided by age. Tom Lankford leads the high school group and Beth Dusin leads the middle school group.
