

Welcome to the Mobile Porch, Memphis' newest tool for grassroots community engagement! The Mobile Porch goes to where people are, to capture their voices and energy in nontraditional ways, using both high- and low-tech strategies. Focus groups, surveys, volunteer activities, neighborhood projects...the sky's the limit on how the Mobile Porch can be used.

The Mobile Porch is a program of Livable Memphis and Community Development Council. To learn more about how the Mobile Porch can help engage your community, please contact us at (901) 725-0460 or info@livablememphis.org.
