

College of Adult Professional Studies

Associate of Arts

Professional Psychology

The College of Adult Professional Studies at Christian Brothers University is designed for you -

customized to fit your career goals and your budget. Classes are offered in a hybrid format, giving you both face-to-face interaction and online flexibility to complete your degree efficiently, and on your terms.

With experienced instructors and small class sizes, we offer you the individual attention required to develop a solid foundation for your next step.

The Associate of Arts in Professional Psychology

allows you to see how psychology relates to the business world by providing a solid foundation in psychological principles, a better understanding of the human condition, and the application of that knowledge to improve processes and business applications.

- The program is customized to your interests through the wide selection of elective courses.
- Curriculum topics include cultural anthropology, human development, personality, and psychopathology.
