

**MAKE THE CONNECTION!**  
**KNOW YOUR ADVISOR!**  
**ACHIEVE YOUR GOALS!**

**THESE PEOPLE DID AND LOOK HOW HAPPY THEY ARE!**

# QEP & YOU?

**WHAT DO YOU HAVE TO DO?!**  
**DO YOU HAVE TO KNOW IT FOR A TEST?!**  
**DOES IT HURT?!?**  
**WHAT IS...**

# WHAT IS QEP?

**\*A QEP is a Quality Enhancement Plan. It's part of the process our accrediting agency (the Southern Association of Colleges and Schools) uses to reaffirm our status as an accredited educational institution.**

**\*We polled students, faculty, and staff to select an area that would help us to enhance the quality of your education. The result is our QEP, a plan to improve academic advising.**

# WHAT'S NEW?

**\*We'll develop improved advising practices to make our current system work more effectively.**

**\*We'll design a training program to ensure that advisors are prepared to help you plan your academic program and your future.**

**\*We'll create a centralized advising center to bring together into one place all the components of a successful advising experience.**

# WHY SHOULD YOU CARE?

**\*Academic advising will help you envision a life, not just plan a set of classes.**

**\*You and your advisor will work together to determine the best ways to achieve your goals.**

**\*Advising will reflect the CBU mission by promoting life long learning and service.**

**\*Our new advising system will offer:**

- Easy monitoring of academic progress
- Connection between majors and careers
- Effective use of support services
- Incorporation of extra-curriculars
- Success at CBU after graduation
