

## Fountain Plaza

**Fountain Installed:** March 23, 2012

The Aquatic Rhapsody fountain, designed by Omaha-based artist and sculptor Matthew Placzek, and surrounding semicircular limestone bench adorned with starfish statues serve as a portal to the Suzanne and Walter Scott Aquarium.

Children of all ages are invited to touch or gaze at the water of the fountain as it falls upon a fever (group) of stingrays and nearby starfish.

Fountain Plaza was part of Omaha's Henry Doorly Zoo and Aquarium's Gateway to the Wild Capital Campaign, a \$33 million project geared toward enhancing the visitor's experience. The campaign, Phase I of the Zoo's Master Plan, included the addition and improvement of guest amenities from 13<sup>th</sup> Street to the Zoo's main entrance down to the renovation of the Suzanne and Walter Scott Aquarium.
