NCHEC MISSION:

The mission of NCHEC is to enhance the professional practice of Health Education by promoting and sustaining a credentialed body of Health Education Specialists. To meet this mission, NCHEC certifies health education specialists, promotes professional development, and strengthens professional preparation and practice.

ORGANIZATION OVERVIEW

The National Commission for Health Education Credentialing, Inc. (NCHEC), founded in 1988 as a non-profit, tax-exempt organization, develops and administers national competency-based examinations to entry- and advanced-level health education specialists.

BENEFITS OF NATIONAL CERTIFICATION THROUGH NCHEC

NCHEC’s voluntary professional certification program establishes a national standard for individual health education practitioners. It is based on the Seven Areas of Responsibility; a comprehensive set of Competencies and Sub-competencies that have been verified by a job practice analysis. It differs from state and local certifications and registries in that the requirements do not vary from one locale to another.

National certification benefits practitioners and the public by:

- Establishing a national standard of practice for all health education specialists
- Attesting to the individual health education specialists knowledge and skills
- Assisting employers in identifying qualified health education practitioners
- Developing a sense of pride and accomplishment among certified health education specialists
- Promoting continued professional development for health education specialists
A CHES® is an individual that has:

1. Met required academic preparation qualifications
2. Successfully passed a competency-based examination administered by the National Commission for Health Education Credentialing, Inc.
3. Satisfied the continuing education requirement to maintain the national credential

Certified Health Education Specialists practice within varied settings across the country and overseas. The verified skill-sets of health education specialists are a valuable asset in a variety of career settings, and denote competency, commitment, versatility, and independent critical thinking skills.

CHES® EXAMINATION DESCRIPTION:

The Certified Health Education Specialist (CHES®) examination is a competency-based tool used to measure possession, application and interpretation of knowledge in the Seven Areas of Responsibility for Health Education Specialists delineated by the most current US-based practice analysis study. The exam reflects the entry-level Sub-competencies of these Areas of Responsibility as found in A Competency Based Framework for Health Education Specialists 2015.

Consisting of 165 multiple-choice questions (150 scored and 15 pilot tested), the CHES® examination is offered only in computer-based format at more than 400 Prometric test centers worldwide. Candidates are allotted 3 hours to complete the examination questions. Total seat time at Prometric Test Centers, including tutorials and surveys, is 3.5 hours.

NONDISCRIMINATION/FAIRNESS

NCHEC does not discriminate against any individual on the basis of race, ethnicity, religion, sex, gender identity, age, disability, sexual orientation, status as a veteran, or other legally protected status.

NCHEC’s adheres to a formal application review process in accordance with established criteria. This process provides assurance to the public that the eligibility review is impartial and fair. **REQUESTS FOR TESTING ACCOMMODATIONS**

**Deadline for requests 2/28/2019**

In accordance with the Americans with Disabilities Act (ADA), NCHEC will strive to ensure that no individual with a disability is deprived of the opportunity to take the examination solely by reason of that disability.

A candidate who has a disability may request accommodations and arrangements to take the examination. Such requests must be in writing and accompany the application. Verification of disability and statement of assistance needed must be included. Documentation by a competent individual (e.g., physician) of a specific disability must be submitted with the application and completed Testing Accommodations Form. (See Appendix C) All requests are evaluated on a case-by-case basis and are subject to approval. Test center personnel will be prepared to handle pre-approved accommodations.

**Note:** Eligible candidates may NOT schedule a test time/location through Prometric until all accommodations documents have been submitted and approved by the NCHEC exam coordinator. All requests for testing accommodations must be received by application final deadline.
SCHEDULING YOUR EXAM APPOINTMENT

NCHEC certification exams are administered in a computer-based format through Prometric, NCHEC’s test delivery vendor, at technology-enabled testing centers across the United States, as well as additional global sites. Prometric is a leader in computer-based test administration with best-in-class testing facilities and a trained, fully certified testing staff.

Once you have been found eligible to sit for the CHES® exam you will receive an “Authorization to Test” (ATT) letter which will include your Eligibility ID Number. With this Eligibility ID number, you can then schedule your appointment online at prometric.com/nchec or by calling the Prometric support line at 800-727-8490.

Applicants are strongly encouraged to schedule an exam appointment right away to obtain a preferred test date, time and location. Do not wait until the exam testing window opens to schedule a time slot, as appointments are scheduled on a first-come, first-serve basis. Should a candidate be unable to schedule an exam appointment within the exam testing window, fees will not be refunded or transferred.

When scheduling your appointment with Prometric, please be prepared to submit the following information:

- First and last name exactly as it appears on your ATT, which should match the unexpired, government-issued ID you will use as proof of identity at the testing center.

  **NOTE:** If your ID does not **EXACTLY** match the first and last name on your application, **YOU WILL NOT BE ADMITTED TO THE TEST CENTER.**

- Your Eligibility ID number as listed on your ATT.

When receiving advance approval for accommodations by NCHEC, call Prometric at 800-967-1139 to schedule your appointment. If your only accommodation is additional time, you may schedule online at prometric.com/nchec.

CHANGES TO YOUR EXAM APPOINTMENT

RESCHEDULING YOUR APPOINTMENT

We understand that schedules can change. However, this option is available and intended to be used only if you need to change your appointment time within the same testing window. Please note that rescheduling is NOT the same as transferring your exam cycle.

- Rescheduling your testing appointment can be completed by contacting Prometric 30 or more calendar days prior to your scheduled appointment with no fee.
- Rescheduling done within 2 to 29 calendar days prior to your scheduled appointment will require a $30 rescheduling fee paid directly to Prometric.
- Requests less than 2 calendar days prior to the scheduled appointment will not be granted and will be treated as a No-Show (see page 10).
If a candidate is unable to test during the scheduled exam testing window and fails to reschedule, fees will not be refunded except in the case of a medical or personal emergency. In the case of such an emergency, supporting documentation will need to be supplied to NCHEC within 30 days after your scheduled exam test date.

CANCELLING/WITHDRAWING

This option is available and intended to be used if you are **not anticipating taking the exam in the future**. Cancellation requests must be submitted in writing directly to NCHEC. Request must be received no later than the final registration deadline for the testing window in which you are registered, will be refunded the exam fee minus the **$100 nonrefundable processing fee**. If NCHEC does not receive notification that you have withdrawn/cancelled before the final registration deadline, candidates will automatically be considered a “No-Show” and all registration fees are forfeited. If you have scheduled an exam appointment, you must cancel this appointment through Prometric as well.

DEFERRING/TRANSFERRING

This option is available for candidates who wish to reschedule/transfer/defer to the **next** exam testing window.

**Step 1.** If you have a scheduled appointment, you must first cancel your appointment through the Prometric website portal or hotline, before the final registration deadline of 2/28/2019.

**Step 2.** You must then submit a written request (email acceptable) directly to NCHEC, no later than the final registration deadline for the exam testing window in which you applied or registered. The fee to transfer/defer to the next exam testing window is **$125**.

**Important note:** Please make sure to follow this two-part process carefully for a successful transfer. If both steps are not completed within the necessary timeframe, candidates will move into the “No-Show” category, as outlined below, and registration fees are forfeited.

Refunds are only available for the exam cycle in which you first applied. Refunds on previously transferred exam appointments are not available.

**IF YOU DO NOT KEEP THE APPOINTMENT (NO-SHOW)**

If you do not take the exam on the scheduled date, arrive to the testing center more than 30 minutes after your scheduled exam time, did not cancel or reschedule within the required time frame, or never scheduled an appointment, you are considered a “No-Show.” As NCHEC must pay for each candidates scheduled seat, you would forfeit all exam registrations fees as a No-Show. Please make sure to schedule your appointment ahead and arrive on time to avoid becoming a No-Show.

“No-Show” candidates can register for the next exam testing window for an additional **$150 rescheduling fee. This reduced fee is only valid for the next scheduled exam date: thereafter, full registration is required.** NCHEC will send new registration instructions for the next scheduled exam testing window within 30 days from the closing of the current exam testing window. Unexpected circumstances will be considered and fee waiver requests will be reviewed for medical or personal emergencies as described below.

**IN CASE OF PERSONAL OR MEDICAL EMERGENCY**

For purposes of the NCHEC certification programs, medical or personal emergencies are defined as unplanned events affecting the candidate or immediate family member(s) (spouse, child or parent), which arise within five days of the scheduled exam appointment and prevent the candidate from taking the exam, or from rescheduling or cancelling an exam appointment.

An event that can be anticipated cannot be considered a medical or personal emergency. A candidate’s inability to take the exam due to work commitments or insufficient or inappropriate preparation cannot not considered a personal emergency.

PREPARING FOR THE CHES® EXAM

EXAM FORMAT AND DURATION

The CHES® exam consists of 165 multiple choice (four-response) questions; 15 of the items are used as pilot items and do not contribute to the final score on each exam. The candidate is not told which items are being piloted and which items are being scored. Each question contains four possible multiple choice answers; only one answer is correct. Exams are delivered only in a computer based format available at Prometric test centers. Candidates are allotted 3 hours to complete the exam. Considering the tutorial, consent and post exam survey, the duration of the exam appointment is a maximum of 3 hours and 30 minutes.

Each section shows a countdown timer on the screen, and each section is separate and time-independent. Minutes do not roll over. EXAM CONTENT

WHAT TO EXPECT ON TEST DAY

EXAM IDENTIFICATION AND PROMETRIC TEST CENTER REQUIREMENTS

The NCHEC certification exams are administered in highly secure Prometric testing centers. All exam candidates will be required to provide proof of identity with an unexpired original government-issued photo ID with signature, such as a driver’s license, a passport or military ID. The name and photo on the primary ID must exactly match the name on the candidate’s Authorization To Test notice (ATT).

Prometric security protocols and a video regarding what to expect on test day can be viewed at www.prometric.com.

On exam day: Arrive at the test center at least 30 minutes before your scheduled testing time to check in. If you arrive late, you will not be permitted into the testing room, and your exam fees will not be refunded. You must have an acceptable form of identification upon arrival.

Items not permitted in the Testing Room: books, papers, calculators, reference material, food (including beverages), cell phones, electronic and smart devices, smoking or visitors. A dry erase board for making notations during the exam will be provided by Prometric staff.

Note: calculators are provided within the computer testing device; candidates may not bring their own calculators. Prior to taking the examination, you will be asked to confirm your agreement that you will not disclose, reproduce or in any way distribute exam items. (See Appendix B)

SEAT ASSIGNMENTS

Prometric staff will escort you to your testing station. There will be a timer on your screen that will show you the time remaining in your test session. Prometric will supply you with noise-reducing headphones.

TUTORIAL

Before you begin testing, you can walk through a 11-minute tutorial on how to use the system. This tutorial time is not part of your testing time.

IRREGULARITIES

Irregularities observed or suspected by Prometric staff may result in your removal from participation in the test or invalidation of your score. NCHEC reserves the right to investigate each incident of misconduct or irregularity. Prometric has outlined guidelines for conduct in their test centers on their web site: prometric.com.

WEATHER & LOCAL OR NATIONAL EMERGENCIES

If there is severe weather or a local or national emergency near the testing center, check online at prometric.com/sitestatus for updates on closures. In the event that Prometric cancels an exam due to severe weather or a local or national emergency, you will not be assessed a rescheduling fee.

SECURITY

No part of the exam may be copied or reproduced in part or in whole by any means whatsoever, including memorization. Candidates may not solicit questions or discuss items that were on previous exams with other NCHEC candidates or individuals who hold the CHES® credential. Candidates are required to sign an affirmation and agreement statement on the application and a confidentiality agreement at the time of taking the exam. Violation of the affirmation and agreement may result in suspension or revocation of the CHES® credential from those who have received it or suspension and/or denial of eligibility for future exams.

EXAMINATION GRIEVANCE

Any complaints regarding testing conditions or irregularities must be submitted in writing within two weeks after the examination date. We value constructive feedback to help us provide a comfortable exam environment.
RECEIVING YOUR RESULTS

CHES® exam candidates will receive an email notification of provisional results as “pass/did not pass status” after exiting the exam. Provisional results are provided as a convenience to the examinee, and examinees’ official scores may differ from their provisional results. Additional evaluation of the functioning of all exam items is done during and at the close of each exam testing window. This additional review is to ensure that all examinees are evaluated accurately and fairly. Official notification of complete scores (for both pass and did not pass candidates) will be mailed, four to six weeks after the exam testing window closes. To protect confidentiality, results will not be provided by e-mail, phone or fax.

NOTE: Candidates who applied under the 90-Day eligibility option must provide proof of graduation before they will receive exam scores, certificate, or certification number.

IF YOU DO NOT PASS THE EXAM

If you do not pass the CHES® exam, you may not chose to retest during the current exam cycle. However, you may retake it in the next consecutive exam cycle, at a reduced rate. This reduced rate is only available to you in the next consecutive exam cycle. If you chose to retest in a cycle beyond the next available exam, you will need to pay the full exam fee and resubmit your application. There is no limit to the amount of times you can take the CHES® examination. Remediation after multiple unsuccessful attempts is highly encouraged.

HOW THE CHES® EXAM IS SCORED

NCHEC has used the Modified Angoff method and variations of this method to set the passing point for the CHES® examination. The Modified Angoff method is the most widely used criterion-referenced passing point technique within the credentialing industry and is based on the judgment of content experts regarding the expected test performance of candidates who are just qualified. This criterion-referenced procedure sets the performance standard before the examination is taken by candidates. Therefore, this standard is independent of examinee performance. Essentially, this method allows subject-matter experts to establish a consistent level of knowledge that is expected of professionals who are just qualified for certification. There is also no penalty for guessing on an item on the exam. The results are reviewed by NCHEC and a final standard is set. This standard is upheld on every subsequent form of the CHES® examination using a statistical process called equating. Although all examination forms are based on the same test blueprint and are carefully constructed to have similar difficulty levels, slight differences in difficulty are unavoidable. To ensure that candidates who take an easier or more difficult form of the examination do not have an advantage or disadvantage, equating is used to adjust the passing point for the difficulty level of the form.
AFTER THE CHES® EXAM

CHES® CERTIFICATION

By passing the exam, you become a Certified Health Education Specialist (CHES®) and earn the honor of using this credential. Each CHES® will receive a certificate suitable for framing. A wallet-sized identification card is available to print through your online account; a hard copy is available upon request. If you applied under the 90-Day option you must submit proof of graduation before you can become certified and receive your exam results.

ACCEPTABLE USE OF CREDENTIAL

After receiving official notification of passing the CHES® examination, the designation (CHES®) may be used only as long as certification remains valid and in good standing. Certified individuals must comply with all re-certification requirements to maintain use of the respective credential and its associated acronym. Certified individuals may not make misleading, deceptive, or confusing statements regarding their certification status. If an individual allows their certification to fall into lapsed/expired status, he or she must immediately discontinue use of the associated acronym and is prohibited from stating or implying certification is current.

MAINTAINING THE CERTIFICATION

The CHES® certification is valid for a period of five years. All CHES® must renew their credential annually, and recertify every fifth year. Renewal requires paying the annual renewal fee. Recertification requires accruing a total of 75 continuing education contact hours by the end of the fifth year. It is recommended that CHES® accumulate a minimum of 15 hours each year. A Renewal/Recertification Policies and Procedures booklet is available on our website.

DISCIPLINARY POLICY

By applying for certification or recertification, Health Education Specialists recognize the authority of NCHEC to apply the Health Education Code of Ethics (see section below) to those certified. If disciplinary actions are recommended as a result of an ethics investigation, the accused will be given full due process, including an appeal.

A Certified Health Education Specialist (CHES®) certification may be suspended or revoked for reason(s) deemed appropriate by NCHEC including, but not limited to, the following:

1. Falsification of the certification application
2. Falsification of any information requested by NCHEC
3. Misrepresentation of certification status
4. Cheating (or reasonable evidence of intent to cheat) on the examination
5. The conviction or plea of guilty or plea of nolo contendere to a felony in a matter related to the practice of, or qualifications for, professional activity
6. Gross negligence or willful misconduct in the performance of professional services, or other unethical or unprofessional conduct based on demonstrable, verifiable, and serious violations of the Health Education Code of Ethics

HEALTH EDUCATION CODE OF ETHICS

The health education profession is dedicated to excellence in the practice of promoting individual, family, and organizational and community health. The Health Education Code of Ethics provides a basis of the shared values of practicing health education specialists. The responsibility of all CHES® is to aspire to the highest possible standards of conduct and to encourage the ethical behavior of all those with whom they work.

Please refer to the full Health Education Code of Ethics on nchec.org/code-of-ethics for more information on all Articles of Responsibility.
ETHICS VIOLATIONS

1. Complaints regarding possible ethics violations of a CHES®/MCHES® must be submitted in writing to the NCHEC Executive Director. The complaint must include the accuser’s name and contact information. Individuals bringing complaints are not entitled to any relief or damages by virtue of this process, although they will receive notice of the actions taken.

2. Complaints will undergo an administrative review of documentation by the Disciplinary Committee of the NCHEC Board of Commissioners within 30 days of receipt by NCHEC to determine if the alleged action falls within the scope of disciplinary policy and warrants investigation.

3. The accused will be notified in writing of complaint within 14 days after the administrative review. Further, in the absence of unusual circumstances, the accused will receive the original complaint and documentation including the name of the accuser.

4. The accused will be given an opportunity to formally and in writing admit to or refute the accusation in 30 days from letter date, thus ensuring due process in the review.

5. The investigation may require procuring additional materials and interviews with relevant people.

6. If it is determined that there was a bona fide violation of ethics, the consequences can range from a letter of reprimand with warning, requiring the accused to complete an educational intervention on ethics, suspension, or revocation of the certification. Complainant and the certificant will be notified of the final decision of the Disciplinary Committee.

7. Every effort will be made to reach a decision in a timely manner; however, extended time may be needed to ensure full due process.

8. Actions taken do not constitute enforcement of the law, although referral to appropriate federal, state, or local government agencies may be made about the conduct of the certificant in appropriate situations.

9. NCHEC will publish suspensions and revocations on the website.
