\$50 per week

JUNE 3 - 7

Lights Out, Nights Out 4-7 YRS

Learn how animals use their amazing senses to survive at night. Campers will replicate the nighttime experience as we share stories around a "campfire", look at the "night sky", and make our own s'mores!

PokéZoo Go! 8-11 YRS

Trek through the Zoo and catch a few pocket monsters along the way! Challenge other campers with your handmade playing cards featuring real Zoo plants and animals while learning about their strengths and weaknesses. Playing cards and devices welcome, but not required.

JUNE 10 - 14

How to Train A Dragon 101 4-7 YRS

Create your own dragon and design its habitat! Learn what it takes to care for and train real dragons and other animals in the Zoo. Create your own Viking crest, hat and shield. Campers will also design their own Viking ship and test how well it floats.

P is for Pollinator 8-11 YRS

Trek through the Zoo and catch a few pocket monsters along the way! Challenge other campers with your handmade playing cards featuring real Zoo plants and animals while learning about their strengths and weaknesses. Playing cards and devices welcome, but not required.

JUNE 17 - 21

Dr. Zoo Little 4-7 YRS

Meet the Zoo's veterinarians and visit the Joan Kirkpatrick Animal Hospital! Read x-rays, review basic first aid skills and look at real animal diets. See how enrichment activities and animal training are used in animal care.

The Great Esc-Ape 8-11 YRS

Test your investigative skills! Work together to follow clues and solve mysteries. Each day will feature a different animal-themed mystery. Activities include creating and sharing your own puzzles plus an escape room challenge!

JUNE 24 - 28

A Jungle Story 4-7 YRS

Explore the world's largest rainforest! Discover animals with peculiar adaptations, learn about life-saving medicines derived from the rainforest, and create a storm with handcrafted rain sticks.

Dark Nite 8-11 YRS

Learn how animals use their amazing senses to survive at night. Level up and test your own senses with blindfold challenges, perform experiments and make your own take-home replica of the night sky.

Animal Training 12-15 YRS

Come find out how and why we train Zoo animals. Attend the sea lion presentation, watch the elephants demonstrate their learned behaviors, observe training sessions with Zoo animals and meet real trainers. Participate in the training game and create your own training plans.

JULY 1 - 3 (3 DAY CAMP)

Turtle Talk 4-11 YRS

Create your own dragon and design its habitat! Learn what it takes to care for and train real dragons and other animals in the Zoo. Create your own Viking crest, hat and shield. Campers will also design their own Viking ship and test how well it floats.

3 DAY CAMP half day (4-5 yrs)

3 DAY CAMP full day

EXTENDED CARE

JULY 8 - 12

Master Zoo Chef 4-7 YRS

Make yummy treats and watch the animals enjoy them! We will also prepare snacks for ourselves, our pets at home and our backyard animals too! ALLERGY ALERT: Includes peanut butter, dairy, eggs, wheat, nuts, and other possible allergens.

HALF DAY morning

FULL DAY

EXTENDED CARE

Elebration 6-7 YRS

Visit our Asian elephant herd and learn how to tell them apart, how they communicate and the importance of a good pedicure. Learn about training, trunks, and elephant diets. You'll even observe a painting session where the elephants create artwork!

FULL DAY

EXTENDED CARE

Weird Science 8-11 YRS

How is this hot? Why is this cold? Does it melt? Does it glow? Whether we are shooting rockets in the air or creating eruptions in the room, we will have the best time experimenting with Weird Science! Enjoy a week of spectacular science.

FULL DAY

EXTENDED CARE

JULY 15 - 19

Web Walkers 4-7 YRS

Weave your way through the world of the arachnid, a misunderstood and often feared creature. Whether they are spinning webs of steel, hunting underwater or eating birds for dinner, spiders are truly amazing. Students create webs and attempt walking a thin line to better understand these beneficial beings.

JULY 22 - 26

Elebration 4-11 YRS

Visit our Asian elephant herd and learn how to tell them apart, how they communicate and the importance of a good pedicure. Learn about training, trunks, and elephant diets. You'll even observe a painting session where the elephants create artwork!

HALF DAY morning

FULL DAY

EXTENDED CARE

JULY 22 - 26

A Piece of the Puzzle 8-11 YRS

Study animal diets, food webs, hunting techniques and how clever prey avoid sneaky predators. Campers will gain an understanding of how they can be a vital piece of the puzzle in conserving wildlife and wild places. Whether you are a keystone species or a bacteria living on shell of a turtle, we all play an important role!

FULL DAY

EXTENDED CARE

Zoo Vet: The Next Generation 12-15 YRS

Meet the Zoo's veterinarians and visit the Joan Kirkpatrick Animal Hospital! Activities include reading x-rays, solving medical cases and creating models of animal habitats. See how enrichment activities and animal training are used in animal care.

FULL DAY

EXTENDED CARE

JULY 29 - AUG 2

Chill Out 4-7 YRS

From penguins to polar bears, life can be harsh in frigid temperatures. Learn how cold it gets in the tundra and taiga, how animals adapt to cold weather, and even make your own ice cream!

HALF DAY morning

Master Zoo Chef 8-11 YRS

Make yummy treats and watch the animals enjoy them! We will also prepare snacks for ourselves, our pets at home and our backyard animals too! ALLERGY ALERT: Includes peanut butter, dairy, eggs, wheat, nuts, and other possible allergens.

FULL DAY

EXTENDED CARE

Zoology 12-15 YRS

Get an insider's look into the fields of mammalogy, herpetology, ornithology, ichthyology and entomology! Meet experts in the field, study ape behavior, create a water quality lab and look at slides under a microscope. Identify birds and input your findings in a birding app to share with the ornithological community.

FULL DAY

EXTENDED CARE

JULY 5 - 9

A Kaleidoscope of Color 4-11 YRS

Animals use color and patterns to disguise themselves, to warn of their toxins, and even to confuse predators. Study their shapes, patterns and ability to transform as we explore animal color technology. Campers will create and perfect their own camouflage suit.

HALF DAY morning

FULL DAY

EXTENDED CARE

Zoofari Adventure 8-11 YRS

Explore animals from Madagascar, Alaska, the South African bush and the Amazon River just like Riley from the popular book series Adventures of Riley. Become an animal tracker, learn about field equipment, meet real explorers and journal your adventures just like in the book.

FULL DAY

EXTENDED CARE

The Great Esc-Ape 12-15 YRS

Test your investigative skills! Each day will feature a different animal-themed mystery, and campers will follow clues to solve crimes against animals. Activities include creating and sharing your own puzzles plus an escape room challenge!
