

Butterfly Ministry Policies

For the safety of each student and volunteer in the Butterfly Ministry, we ask that the following policies be enforced with no exceptions:

- A parent/caregiver must attend class initially with the new student for a required minimum of one (1) class to help inform staff of student's needs.
- Before the student is allowed to be stay in class consistently without a parent/caregiver, a parent/caregiver must complete and return an intake questionnaire(s), which can be found on the Trietsch website.
- A parent or guardian must stay on the Trietsch campus for the duration of the class in order to be able to drop off a student.
