“He heals the brokenhearted and binds up their wounds. He determines the number of stars and call them each by name. Great is our Lord and mighty in power; His understanding has no limit. The Lord delights in those who fear him, who put their hope in His unfailing love.”

- Psalm 147: 3-5, 11

The Associate Dean for CLINICAL SERVICES is Eddie Christian. Mr. Christian has worked a number of years in both individual and family therapy. Also, he is licensed by the state of Tennessee as a Psychological Examiner and is able to provide psychological testing as indicated by treatment.

Our Mission

To assist students in developing as complete and whole persons
Bethel University is committed to helping students develop to their highest potential—intellectually, spiritually, socially, and physically—in a Christian environment.

We at CLINICAL SERVICES support this mission by providing on-campus counseling services to all Bethel students. Our office is located on the third floor of Campbell Hall. Students are scheduled for appointments between 8:00 a.m. and 4:30 p.m. Monday through Friday.

At CLINICAL SERVICES we typically see a variety of counseling concerns that include such issues as depression, anxiety, anger-management, relationship conflict, grief, substance abuse, and stress management.

Although there is no set number of counseling sessions offered or required, efforts are made, and treatment designed to provide short-term counseling.

On occasion, life has a way of leaving us with more questions than answers. While these experiences are very common, they can be quite disruptive and interfere with our day-to-day responsibilities.

Sometimes it can help to speak with a professional counselor—someone who serves as a sounding board and provides objective guidance, as you take the necessary steps to re-establish emotional stability.

Our staff will work with you to develop specific goals and objectives that enable you to regain balance in your life. Our commitment is to maintain all confidentiality regarding students and their counseling experience.

Confidentiality is an ethical standard that protects clients/students from disclosure of information without their consent. We will not discuss issues regarding students with friends, faculty, parents, employers, or anyone else without your permission.

SCHEDULING AN APPOINTMENT

Any Bethel student may schedule an initial “intake” appointment by calling 352-6786 during office hours. On the day of your first appointment, you should arrive a few minutes early to complete a short-answer data form. At that time you will sign a consent which allows our staff your permission to meet with you. Afterwards, you will meet with a counselor, discuss your concerns, and determine whether to proceed further with treatment.

At CLINICAL SERVICES, there are no student fees. However, students are expected to keep regularly scheduled appointments on time each week, and respectfully give 24-hour notice of any cancellations necessary.

AFTER-HOUR EMERGENCIES

In the event of an after-hour emergency, students may contact any of the following:
