

### Guidelines for Shadowing/Observing at Results Physiotherapy Centers

**Individuals desiring to shadow/observe at any Results Physiotherapy Center clinic are considered Guests in our clinic and are expected to follow the guidelines listed below. They have been established to protect our patients, our staff, and you. They are in keeping with HIPAA standards and the laws/rules/regulations of the Physical Therapy Board of the state of practice. These guidelines will allow you to gain a glimpse of the world-class treatments Results Physiotherapy provides while not over-stepping the boundaries established for legal, ethical, and quality-of care purposes.**
