

## About Us

The Baddour Center is a residential community that serves as home to 170 men and women with mild to moderate intellectual disabilities. It is an engaging place where men and women have the opportunity to build productive, meaningful lives, despite their challenges. Our goal is to provide an environment where individual potential is defined by character and talent, not by limitations.

## Mission

The Baddour Center is dedicated to providing a model residential community for adults with mild and moderate intellectual disabilities in an environment that promotes maximum growth intellectually, spiritually, physically, socially, emotionally, and vocationally.

## BECOME A Guardian Angel

We invite you to become a **Guardian Angel**, which is a commitment to protect the financial stability of The Baddour Center and have a direct impact on the men and women of Baddour through a monthly gift.

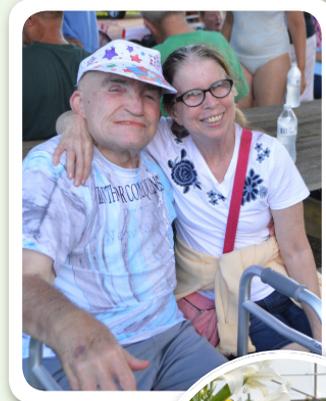

### HOW TO SIGN UP:

- Decide on a monthly gift amount that is comfortable for you.
- Select a monthly gift option: credit card, automatic funds transferred from your checking account each month, or sending a paper check.

# Close friends. A good job. Home.

## Live.

The Baddour Center's residential community consists of 14 group homes and 4 apartment units. Residential options range from supervised and transitional group home living to a more independent, on-campus apartment living arrangement.

There is also a group home which offers a slower-paced lifestyle for those individuals whose age and health dictate specialized services. Residences offer spacious bedrooms, a central living room, and kitchen.

## Learn.

The purpose of the Education and Behavioral Supports (EBS) division is to ensure that Baddour Center residents are setting support in the areas of education, behavior support, psychological services, and professional development.

## Work.

The Vocational Services Division offers meaningful employment and training to all residents of The Baddour Center. Through the jobs offered here at Baddour, residents find fulfillment in the opportunities and challenges that come with providing excellent service to corporate customers. Residents enjoy earning a paycheck, and compensation for all jobs is set in accordance with the U.S. Department of Labor and either meets or exceeds established guidelines.

## Worship.

The Baddour Center offers a traditional worship service in the Chapel each Sunday afternoon. The Chaplain, visiting clergy or Spiritual Growth layperson leads the service, where residents have opportunities to participate and serve as greeters, ushers, lay leaders, and music worship leaders.

The Center welcomes groups from other churches within the community to bring programs through, for example, singing, puppet ministry, devotionals, and drama. The Miracles, our nationally recognized choir, uses its ministry to glorify God, while telling the story of The Baddour Center.

## Play.

Having fun, building friendships, and taking part in spiritual, educational, and social activities are an integral part of The Baddour Center experience. The Community Life Division plays a key role in residents' lives and is made up of five programs through which residents have opportunities to enhance their social skills, improve their physical fitness, maintain their spiritual relationship with God, and develop their talents in the expressive arts. These are a few of the different components of our Community Life Program:

- Performing and Creative Arts
- Special Olympics
- Recreation
- Spiritual Growth
- The Miracles
- Campus Activity Calendar

*"Being a Guardian Angel for The Baddour Center is something that I am happy to do every month. It feels great to give back to the men and women of Baddour and to help them achieve their dreams."*
