HUMANE RESCUE ALLIANCE

Animals. People. Community.

ANIMALS. PEOPLE. COMMUNITY.

HUMANE RESCUE ALLIANCE

HUMANE RESCUE ALLIANCE

A NEW NAME IN ANIMAL WELFARE WITH MORE THAN TWO HUNDRED AND FIFTY YEARS OF COMBINED EXPERIENCE.

The Washington Humane Society and the Washington Animal Rescue League have each served the animals and people of the District of Columbia and the National Capitol region for over a century. Now these two great forces for animal protection have come together to form an even more powerful organization: the Humane Rescue Alliance.

With the creation of the Humane Rescue Alliance, we're combining our proficiency and knowledge in all aspects of animal care, from providing quality, affordable medical services to creating families with each adoption. Most importantly, we're here to tenaciously protect and advocate for the animals in our community, and support and celebrate people's love and compassion for them.

We are the Humane Rescue Alliance. See how we can help you and the animals in your life.

SERVICES

We protect animals and support people's love and compassion for them.

AT THE HUMANE RESCUE ALLIANCE, WE'RE DEDICATED TO PROTECTING ANIMALS AND TO PLACING AND KEEPING THEM WITH CARING FAMILIES. WE DELIVER ON THAT PROMISE THROUGH OUR BROAD RANGE OF VITAL SERVICES.

PROVIDING AFFORDABLE VETERINARY CARE

Medical Center

The Humane Rescue Alliance Medical Center provides a broad range of affordable veterinary services for the pets in the Washington, DC area as well as our shelter animals. Each year, our skilled medical team treats thousands of animals, from beloved pets to rescued animals. We regularly handle common health issues as well as more serious illnesses resulting from abuse or neglect. A benefit that many of our public clients enjoy: the fees we collect for veterinary services help us care for the animals whom we shelter and place in loving homes.

In addition to veterinary care, the Medical Center's Spay/Neuter Clinic works tirelessly to reduce pet overpopulation and its heartbreaking consequences. We perform safe, affordable sterilizations for our shelter animals and the pets in our community. As a benefit to our community, the Medical Center also offers low-cost vaccinations and wellness checkups several times a week. Call 202-723-5730, option 2, to make an appointment.

BRINGING PEOPLE AND PETS TOGETHER

Adoptions

A cornerstone of our work is to match people with companion animals of all kinds—from cats and dogs to fish and rabbits. To ensure the best outcome for animal and family, we learn about the adopters' household and lifestyle to find them just the right animal. You can always visit us online at humanerescuealliance.org/adopt to see animals currently looking for homes.

Foster Homes

A robust and generous network of foster homes makes it possible for us to care for more animals with more complicated needs—from orphaned kittens who need round-the-clock feedings to cats and dogs for whom the shelter environment is too stressful and does not allow them to exhibit their true personalities. Visit humanerescuealliance.org/foster-faq for more information.

ShARE Partnership for Life

Shelters across the country sometimes struggle with issues like a lack of space for animals in need of shelter, too few adopters, or limited resources. Our Shelter Animal Relief Effort (ShARE) provides assistance and hope by taking in animals from other communities and offering support in improving their own shelter operations.

SUPPORTING PETS IN THEIR HOMES

Help Out, Partner, and Engage (HOPE)

The HOPE program is our community-based initiative, providing people in traditionally underserved areas of DC with a variety of free pet services, such as spay/neuter surgeries, vaccinations, food, and supplies at periodic community events. This program provides a critical lifeline that helps keep thousands of pets in loving homes—and out of shelters.

Safe Haven

In homes where there is domestic abuse, it's not just the people who are at risk—animals are often targeted as well. We offer 24/7 help for victims of domestic violence who are concerned about the safety of their pets. Call 202-723-5730, option 1, for assistance or to learn more.

Behavior Helpline

A pet's behavior can too often result in that pet losing their home. Our surrender prevention counseling helps pet owners solve issues, keeping pets and their people together. Also, as a service to our adopters, we work together to make sure their newest family members are doing well and staying in their adopted homes by providing a free private session in addition to phone and email support. For more information, call 202-375-7744.

MAKING OUR COMMUNITY BETTER FOR ANIMALS AND PEOPLE

Animal Control and Field Services

When the animals of the District of Columbia need help, our dedicated professionals are available 24/7. Our officers help to bring animals to safety, rescue pets who have gotten lost, and respond to calls about injured or sick animals—and yes, they do rescue cats stuck in trees. For animal emergencies call 202-576-6664.

Wildlife Program

The DC area is home to a diverse and abundant wildlife population, from ducks and geese to raccoons, foxes, and deer. When wild animals are sick, injured, or trapped in someone's home, our wildlife specialists get to work. They also provide important community outreach to encourage peaceful coexistence with the wildlife in our neighborhoods.

Humane Law Enforcement

Combating animal cruelty is a job we take very seriously. Our law enforcement officers are available day or night to help all species of animals. However, stopping animal abuse requires the assistance of caring people in the community. If you see something, say something. To report suspected abuse or neglect, please call 202-723-5730, option 1.

Cat Neighborhood Partnership Program (CatNiPP)

HRA supports trap, neuter, return as a humane form of population control for unowned, outdoor cats and is a resource for the community members who care for them. Spay/neuter and vaccine services for community cats are provided free or at drastically reduced prices at our Oglethorpe St. location, and dedicated HRA staff are available to loan humane traps, share information about successful trapping methods, and provide guidance for handling any cat-related issues a caregiver or community member may encounter. Do you feed or see cats outdoors in your community? Please call 202-723-5730, x 313, for more information.

INSTILLING KINDNESS IN YOUNG PEOPLE

Humane Education Programming

HRA's humane education program activities emphasize kindness, compassion, and responsibility while providing children with opportunities to interact with animals, share stories about their animal experiences, and plan ways to make the world a better place for all living creatures. Through interactive classroom programs, book groups, a series of summer and other school break camps, and in-shelter activities, children are given the tools and confidence to make their community a better place for animals and the people who care for them.

CELEBRATING THE HUMAN-ANIMAL BOND

Volunteering

Volunteers are the lifeblood of our organization and provide support in a variety of ways. Our volunteers learn how to train our shelter animals using positive reinforcement, helping to ensure our animals learn good manners and start off on the right "paw" in their forever home. Volunteers provide invaluable support for our special events, adoption, administrative, and operation departments. To learn more about volunteering, visit us online at humanerescuealliance.org/volunteer.

Dog Training Classes

A well-behaved dog makes for a happy family, which is why we offer plenty of easy, enjoyable, and effective training classes as well as one-on-one private training sessions. To ensure our excellent services are convenient with diverse schedules, we

hold classes on evenings and weekends and offer counseling at a variety of hours. To learn more about our training program call 202-723-5730, option 8.

Donate!

The Humane Rescue Alliance is a 501(c) 3 organization that relies on private contributions in order to serve our community. The overwhelming majority of our donors are individuals just like you, who share our mission to protect and defend homeless, abused, and abandoned animals. We rely on your support to sustain our proactive animal welfare programs and to answer every call for help. To make a tax-deductible gift, please call 202-375-7745 or visit us online at humanerescuealliance.org/donate.
