

Treat Yo Self!

Our theme this year is the power of caring for ourselves. Often times taking care of ourselves is looked at as selfish or conceited. We want to talk this weekend about how God cares about our well-being, so we should too. We will talk about how much we are loved by God, the difficulties we have in loving ourselves, and experience some fun ways that we can treat ourselves as beloved children of God. We will talk about how numerous characters in the Bible needed time for themselves, and how miraculously that time allowed them to grow closer to God. So in between having campfires, climbing a rock wall, playing manhunt and gaga, and more we will be learning to love and care for ourselves a little better.
