

Gifts of Appreciated Securities

1 in 15 children are exposed to intimate partner violence each year, and 90% of these children are eyewitnesses to this violence.

Gifting appreciated stock can be more beneficial than giving cash. The realized “cost” of your gift is often less than the deduction you gain by making it.

You may transfer appreciated stocks, bonds, or mutual fund shares you have owned for more than one year to NCADV. We will then sell your securities at the appropriate time and use the proceeds to support our programming.

[You may use our Stock Transfer Form to facilitate the gift.](#)

Gifts of appreciated stock provide the donor an immediate income tax deduction for the fair market value of the securities on the date of transfer (even if you originally paid much less for them). Additionally, you pay no capital gains tax on the transfer when the stock is sold.

If you would like to speak to someone directly about leaving a gift of appreciated stock to the National Coalition Against Domestic Violence please contact Dina Coates Koebler at 303-839-1852 #108 or email dcoates@ncadv.org.

Thank you!
