"I WANT THE QUALITY OF MY SPACE TO MATCH THE QUALITY OF MY CARE."

We understand that building or renovating your practice is not why you became a dental professional. You were trained to help people look and feel better. Your time, energy, and focus should be consumed with helping people, not construction. You're a dental professional, not a contractor. We are here to take away the pressure of creating the perfect space for your practice, so you can do exactly that...practice.

Since 1983, **Savage Construction** has helped over 45 dental professionals across the Mid-South create beautiful, safe, up-to-date practices that make patients show up, keep coming, and tell their friends.

HOW CAN SAVAGE CONSTRUCTION SERVE YOUR PRACTICE?

Start the conversation.

Engage our stress-free, straight forward, proven process.

Watch your practice grow by 20-40%.

WHY IS SAVAGE CONSTRUCTION THE RIGHT CHOICE TO BUILD OR RENOVATE YOUR PRACTICE?

1. YOUR VOICE MATTERS

From the day you start the conversation with Savage Construction we listen to the unique needs and desires you have for your project. No one knows your practice like you and we are here to serve you and the needs of your patients.

2. PATIENT EXPERIENCE

Improve the safety and care of your patients by ensuring your practice is up-to-date with a beautiful, compelling space your patients love and talk about to their friends.

3. COMPETITIVE ADVANTAGE

Dental professionals who build or renovate with Savage Construction have sustained a growth of 20-40% in the first year after the completion of the project. Excellent space is a proven competitive advantage.

4. DONE RIGHT

Savage Construction has the unique experience needed to manage the details of your project so it is done right, on time, and within budget. We hold ourselves to a no excuses policy to do what it takes so your project is done correctly. When it is done right, you can open your doors and resume your practice more efficiently.

5. UP FRONT, FIXED PRICE

That is right, you get a solid price up front. No secrets, no surprises. We work hard to get pricing right the first time so you don't have the stress of wondering what you do not know.

6. LOCALLY OWNED AND OPERATED

Savage Construction has been building long-term relationships with dental professionals like you, since 1983. Together, we are improving and making our community a better place.

**BUILD THE GROWING PRACTICE
YOU ARE PROUD OF AND
ONE YOUR PATIENTS DESERVE!**

DAVID SAVAGE AND THE SAVAGE CONSTRUCTION TEAM

Savage Construction started in 1983 with a passion to help businesses take their first step or next step toward success and helping families discover their dream home. Our team operates by the simple and timeless values of integrity, collaboration and excellence. We will listen, you will always be treated with respect and your project will be done right.

Savage specializes in up-scale custom homes and commercial business construction. Savage Construction is proud to be the mid-south's top construction company for the unique needs of dental and medical professionals. We look forward to helping your family or business take the next step toward your dream. Let's start the conversation!

Savage Construction is licensed and insured in Tennessee and Mississippi in the communities you want to live and work.
