

HELPFUL TIPS AND INFORMATION

- **FACT:** Remove, clean and dry any damp or wet building materials/furnishings within 24-48 hours to prevent mold growth
- **FACT:** With water, mold grows; without water, mold dies but the spores do not
- Per Shelby County Code Enforcement: **NO** permit is required to replace sheetrock or flooring
- A **Plumbing Permit** is **REQUIRED** if removing and/or replacing toilets, sinks/faucets
- An **Electrical Permit** is **REQUIRED** if removing and/or replacing light fixtures, ceiling fans
- An **Electrical Permit** is **REQUIRED** if moving, replacing or adding lights, light switches, electrical outlets or any other electrical items
- A **Structural Permit** is **REQUIRED** if you are removing and/or replacing walls, beams, joist, etc.

If you are ever in doubt, please contact the **Shelby County Code Enforcement**: 901-222-8300
